PREMIERS MEET AT AIX LES BAINS

Millerand and Giolitti Absolutely Alone at First Conference

ACCORD NECESSARY

France and Italy Agree That All Treaties Must Be Enforced in Full.

Aix Les Bains, Sept. 13.—The French and Italian Premiers, Alexandre Millerand and Giovanni Giolitti, held their long-awaited conference here today. They met in the morning and discussed international questions for several hours at the Mirabeau Hotel. At the first conference they were absolutely alone, the secretaries only entering the apartment for the purpose of supplying documents as the Premiers required them.

Count Bonin-Longare, Italian Ambassador to France, and Camille Barrere, French Ambassador to Italy, are here and will take part in the later discussions.

The most important decision reached by the Premiers today seems to have been the permanent or definite abandonment of the Geneva conference.

M. Millerand announced that "this meeting was decided upon at Spa, but has not yet been held. It is impossible at the present time, even from a merely practical viewpoint, for it to take place before the Brussels financial conference fixed for September 24."

"On the other hand," continued the announcement, "France and Belgium have shown the interest they would have in seeing the Reparations Commission resume its role in the study of these questions. Finally the Governments will have to consider what they have to do.

"Signor Giolitti offered no opposition to this policy."

"We must end the war," said Premier Millerand to the Associated Press correspondent at the conclusion of this afternoon conference. "The war must be ended. That is why we have given Poland the counsel of moderation which she seems disposed to follow."

At the conclusion of the first session, which lasted three hours, no official communique was issued, but the French Premier received in turn the Italian, British, American and French representatives of the press and said to them:

"Our interviews have been most cordial and confident. Naturally we have agreed that an accord between Italy, Great Britain and France is indispensable, not only in the interest of the three Allied powers, but for the maintenance of world peace.

"The treaty of Versailles must be enforced as well as that of St. Germain and the others because they constitute an entity, and one of them can not fall without the others being shaken. I am absolutely in accord with that point upon the formula accepted at Lucerne. Treaties must be applied with moderation by the victors and with loyalty by the vanquished.

"We also discussed the question of soviets. Evidently each Government consults its internal policy before adopting a precise attitude. You know what the French policy is. The policies of our allies do not appear to be different in principle from ours.

"Settlement of the Adriatic question occupied some of our time. Our position is unequivocal. Great Britain and France, at San Remo—and myself, before and after San Remo—have stated that neither Great Britain nor France has the right to interfere between two parties when a question concerns them alone.

NOTICE TO ALL GAS CONSUMERS

LAST RITES FOR W. E. BAIN

Held This Afternoon at His Residence 407 Duke Street

The funeral of William E. Bain, who died Friday night, was held at 2 o'clock this afternoon from his late residence 407 Duke street and conducted by Rev. Dr. E. V. Regester, pastor of the M. E. Church South, of which church the deceased was a member. The interment, which was private, was in the Presbyterian cemetery. The funeral was attended by a large number of friends and relatives of the deceased.

Pallbearers were Dr. Arthur Snowden, Harry Aitcheson, Henry S. Wattles, David G. Grillbortzer, J. F. Hibbs Capt. W. H. Sweeney, this city; John K. Wilson, Baltimore, and William Wanger, Washington.

CONFEDERATE REUNION

Houston, Texas, Sept. 13.—The oldest and youngest veterans of the Confederacy who attend the reunion at Houston, October 5 to 8 will get a free ride in a racing airplane.

If the oldest and the youngest "Johnny" perfer to stay on the ground, the next in order of age get their chance to go.

This offer was made today by H. C. Block and R. R. McCabe, pilots on the staff of S. E. J. Cox, a Houston oil magnate, who maintains his own flying field adjoining Herrman Park, where the veterans will be encamped while in Houston.

Win Double Scull

Old Dominions Capture One Event in Potomac Regatta

The crews of the Old Dominion Boat Club were able to win but one event in the Potomac Boat Club regatta held off Georgetown Saturday afternoon.

This honor goes to Roberts and Beaton in the double scull event, they won by 3 lengths from Hutterly and Bon Signor, the best pair Potomac could produce, and were never in danger.

Old Dominion lost the quadruple sculls race by 3 length and the four oared gig by 5 lengths. In all three events the local crews were pitted against senior oarsmen, men who have been rowing for years.

Both of these Potomac crews won in Labor Day against the pick of the country.

This brings to a close one of the most successful seasons the Old Dominion Boat Club has ever enjoyed, the following events being won:

Southern Regatta, Alexandria, Va., double sculls, four oared gig.

Virginia Boat Club Regatta, four oared gig, eight oared shell.

Potomac Boat Club Regatta, Double sculls.

COX'S SORE THROAT STOPS MEETING

Cancellation of Out of Doors Talks Made on Advice of Specialists

ALTITUDE BLAMED

Nominee Sees Hand of Republicans Trying to Divert Attention to Public Fire Barrage of Questions

Portland, Ore., Sept. 13.—On positive orders from a Portland throat specialist, who was called in immediately upon Governor James M. Cox's arrival here this morning, all engagements for rear-platform and other open-air speeches by the Democratic presidential candidate for the next several days were canceled by wire last night.

The specialist, who has been in constant attendance upon the governor all day and will travel with him until he is fully recovered, did not find any symptoms of laryngitis, which was feared by the Seattle specialist who treated him last night, but declared his throat was in a serious condition and must be watched carefully.

A masseuse was called in to massage the Governor's throat, chest and back. Governor Cox was greatly renominee will return to Portland for two speeches, at noon and 8 o'clock, after which he will leave for Boise, Idaho.

It became certain today that as long as Governor Cox remains in the West he will be confronted with the prohibition question. A barrage of questions fired at him in Washington yesterday was continued in Oregon today, where a Portland paper published a facsimile of the Carroll letter declaring the Democratic candidate to be pronouncedly wet and appealing for funds to aid in his election.

Governor Cox looks upon this development as an attempt by the Reliefved by the treatments and his voice was much stronger. The specialist gave him warning, however, that he must rest every minute possible and speak no more than absolutely necessary, if he expected to continue his program tomorrow. Under this program tomorrow. Under this program the physician hopes he will be all right again within three or four days, although he may suffer more or less trouble until he gets out of the high altitude of the West.

The Governor's party arrived in Portland at 3 a. m., and the Governor immediately went to the hotel, where he shook hands with persons in the lobby and then retired to his room to await the arrival of the physician.

Senator Chamberlain, of this State, called on the candidate and briefly discussed with him the Oregon political situation. Then the Governor and the Senator went to the Westminster Presbyterian Church.

Returning from Church Governor Cox went to bed and rested until his departure for Salem at 4.45 o'clock. He will spend the night there and will deliver a speech at 9 o'clock tomorrow morning. From Salem the publicans to turn public attention from the league of nations, his charge of a Republican "slush fund" and other questions which he deems more important than a "dead" issue, and his determination now is to pay scant attention to the attacks on him as a "wet."

According to his present plans, he will have nothing more to say on the prohibition question than his statement at Seattle last night, which was that the "wet" and "dry" questions is a past issue.

Accused of Theft

Robert L. Higgins, Diamond-Toothed Clerk, Charged With Robbing Baughman's Safe to Give Girl a "Good Time."

Baltimore, Md., Sept. 13.— Although he has a diamond-studded tooth, Robert L. Higgins, 32 years old, 221 North Linwood avenue, is in a cell at Central Police Station, penniless and deserted. He is accused of stealing $500 from the safe in Automobile Commissioner Baughman's office.

According to the police, Higgins said he stole the money to show a girl "a good time," but that she left him in Alexandria, Va., and took his money too. His only remembrance tokens of her are a gold wrist watch, bracelet and mesh bag which he says she left behind when she departed from the Virginia hotel while he slept.

Higgins, who is married, was arrested yesterday morning when he arrived at his home. Detectives O'Donnell and Mintiens had just completed a search of the home for him and were about to depart when he walked in, carrying two suitcases.

The theft, which Higgins is said to have admitted, occurred on the night of September 4, but was not discovered until last Tuesday morning, when the Automobile Commissioner's office was reopened after the Labor Day holiday. Then it was found that the cashier's safe had been opened and $500 taken from a compartment which contained $1,150 in all.

According to the detectives, Higgins, who was a clerk in the commissioner's office, told them he visited the offices after having obtained the combination to the safe by watching the cashier open it on several occasions. He had a key to the building and had no trouble gaining entrance.

The detectives say Higgins and the girl, whom he knew only as "Ida" left immediately for Alexandria, where they remained several days. During their absence a telephone message reached the commissioner's office saying Higgins' wife was ill and that he would not be at work for several days. Higgins is declared since to have told the detectives that he had the girl send the message while she posed as his mother during the telephone conversation.

The story, as told by the detectives, adds that he awoke one morning to find that the girl had fled, taking all his money, but leaving the jewelry behind. This included also, a diamond ring which Higgins is said to have pawned to obtain money to pay his transportation back to Baltimore.

WORK IS BEGUN ON LITTLE RIVER ROAD

Congressman R. Walton Moore Has Worked Hard on Proposition

BIG HELP TO THIS CITY

State and Federal Funds to be Used —To Extend From Alexandria to Winchester.

The work of rebuilding the Little River Turnpike Road, from Alexandria to Winchester, has been begun. This road is the natural north and south gateway of Virginia, and its rebuilding is hailed with delight by business interests, motorists and the public generally.

It will add vastly to the market trading of Alexandria and also be of enormous value to the outlining counties.

Agitation for its reconstruction was begun several years ago when Representative R. Walton Moore took the matter up with Secretary Houston and the state authorities. In this Mr. Moore also had the co-operation of others interested in its construction.

The chamber of commerce, city council and citizens of Alexandria also have been actively engaged in working for its reconstruction and the various other counties through which it will go also have worked together on the proposition.

About five or six years ago the reconstruction of the road at the Fairfax county end was started under the direction of Chairman F. L. Ballenger, of the board of supervisors of that county, when a short piece of the road was built. At about the same time several miles were rebuilt in Loudoun county between Aldie and Mount Zion Church.

Now this road is one of the highways selected by the state for reconstruction at federal and state expense. The road, throughout its entire length it is stated, will be put in first class condition. Recently the board of supervisors of Fairfax county accepted a contract with the State Highway Commission to rebuild about seven miles of the road directly west of Fairfax Courthouse.

For this work the sum of $225,000 is available and the cost per mile of this part will be about $30,000. As future funds are provided the work will go on, and that the money will be provided there is no doubt.

In order to save additional expense in the construction of the Fairfax county part of the road Representative R. Walton Moore on Saturday

MR. WILSON'S FIRM ANSWER.

In the plain language which he addresses to the outlaw anthracite miners President Wilson does not speak for himself; he speaks for the United States Government and the American people. As he well says, America and the world could not and did not compromise with the outlaw military machine of Europe which treated sacred pledges as scraps of paper. This nation cannot and will not compromise with labor organizations or individuals that violate solemn agreements and contracts with their Government and with the public.

Either the coal miners must live up to the wage award of President Wilson's joint commission, as they pledged themselves to do before they went into the proceedings, or they must be dealt with as outlaws. Either the coal miners must mine coal, [illegible] it, or the mine operators, backed by the Government and the country, must get the coal mined without the aid of and against the will of the outlaws.

And when American will and American power set out to settle this outlaw coal strike the fight must not stop until this outlaw industrial machine is smashed as thoroughly and as finally as the outlaw military machine of Europe was smashed.

Tells You The State of Your Health By Your Voice

London, Sept. 13.—By the melody of your "Good morning" a doctor can tell the state of your health.

This method of diagnosis has been developed by Dr. E. W. Scripture, who has invented a machine, called the epidiascope, to bear out what he says.

Explaining his discovery to the Royal Society of Medicine, Dr. Scripture said: "When I walk through the ward of a hospital I can identify the epileptic child by its 'Good morning' greeting. During the war many men came to me with stories of fits in order to secure certificates of exemption from service. More than one had been trained to tell a story that was typically epileptic. Although relatives and witnesses might be brought, my final judgment was based largely, and sometimes entirely, on the melody of the patient's speech."

On the epidiascope, which records speech on a blackened revolving drum, abnormalties are seen long before they can be perceived by the experienced ear of the doctor. If a person has commencing general paralysis he is asked to say "Peter Piper's peppers." He makes the "P's" slightly different from one another, whereas a healthy person would sound them all in the same way.

Dr. Scripture says that there are speech specialties for various diseases.

8,000 Gallons of Alcohol Vanish.

Kansas City, Mo., Sept. 13.—Eight thousand gallons of grain alcohol in eighty barrels en route from New Orleans to Kansas City, disappeared en route, railroad officials reported today. The sealed freight car arrived with seals intact, but the eighty barrels were gone.

ACCEPT WAGE REDUCTION.

Philadelphia, Pa., Sept. 13—Two hundred employes of the Herbert Hosiery mills at Conshohocken, Pa., have agreed to accept a 10 per cent reduction in wages so that the mills will not close, according to an announcement today by L. S. Herbert, head of the concern.

SUGAR COMPANIES DECLARE DIVIDENDS OF 100 PER CENT

San Juan, P. R., Sept. 13—Dividends declared by the South Porto Rico Sugar Company and the Fajardo Sugar Company which, it was announced recently in New York, would reach 100 per cent, are not the only large sugar dividends that are being declared this year.

The Santa Isabell Sugar Company has declared a cash dividend of 100 per cent, which is probably the highest.

Soft Drink Prices Fall Along With Lower Sugar

New Orleans, Sept. 12—Prices on bottled soft drinks went back to 5 cents here tonight, dealers having announced that lower sugar prices made the reduction possible. Practically all of the popular drinks have been selling for 7 cents since the sugar prices were raised.

Asks For Personal Reply From Thomas Jefferson

Washington, Sept. 13.—Secretary Colby received today from Bombay, India, a letter addressed to "Thomas Jefferson, late Secretary of State and master of patents." The writer desired information as to the process of feeding "patro." (petrol) into an engine. A personal reply from Jefferson was requested.

The letter was sent by Secretary Colby to President Wilson as a curiosity.

VIRGINIA NEWS

Lynchburg—In the first two weeks of equal suffrage in this county 160 women have paid their State capitation taxes as a prerequisite to voting in the presidential election.

Winchester—Farmers, fruit growers and other employers of labor in Hardy county, W. Va., are hoping no more airplanes will meet with accidents in that locality. When Lieut. Thomas was forced to land near Moorefield, on A. A. Welton's farm, most of the laborers threw aside their tools and spent the greater part of the two days watching expert mechanics make repairs.

Richmond—Dr. Lewis Crenshaw Bosher, one of the first rank of surgeons in Virginia, died suddenly this evening at 7 o'clock as he was on the eve of retiring. He had arisen from the dinner table after a hearty meal and apparently had been in the best of health. Death was attributed to a heart lesion. He was in his sixty-first year.

Winchester—J. S. Trenary, of Warren county, who held a public sale, states that a set of harness for which he paid $20 about fourteen years ago, and which has been in use ever since, sold for $60.

Lynchburg—Lynchburg will be asked early in October to raise $100,000 for Lynchburg College. The money is needed mostly for a gymnasium The new session opens Tuesday, and indications are that all available space in the college will be occupied.

Lynchburg—Miss Elizabeth Irby Nowlin, 45, a native of Lynchburg and daughter of William D. Nowlin, deputy city treasurer, died at midnight Thursday night at the Home and Retreat, where she had suffered for some weeks with "sleeping sickness." Miss Nowlin was a leading worker in St. Paul's Episcopal Church

Winchester—Benjamin Short, a Baltimore and Ohio Railroad employe was seriously injured, and a number of track hands also were hurt, when two motor railroad trucks on which they were riding collided on Buffalo trestle, near Romney. The trucks left the track, but remained on the bridge.

Lynchburg—City Manager Beck has issued an order prohibiting smoking by officials and employes during office hours.

W. G. McClure has been appointed purchasing agent for the city, a position hitherto unknown, as each department purchased its own supplies.

Danville—The temple and office building being erected at Main and Union Streets on the site of the burned Masonic Temple by the Masonic Building Corporation of Danville will be an ornament to the city. It is to be a twelve story modern steel and concrete structure, 120 by 66 feet. The ground floor will be for stores and the next nine floors will be for offices for professional men, insurance agencies and others, while the eleventh and twelfth floors will be utilized exclusively by the Masons.

Fredericksburg—Potomac View, the farm of James A. Arnold, situated on the Potomac River, in King George county, has been sold to the government for $107,000. It is said this farm will be added to the United States naval proving grounds reservation in that county and that homes for officers will be built on it.

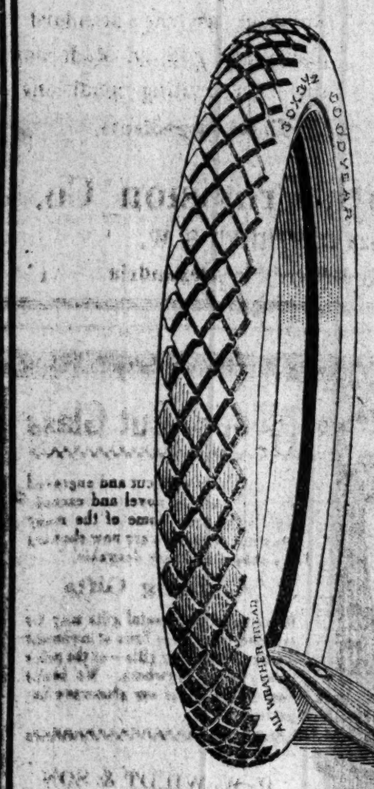
Smaller Cars—and the World's Most Popular Tires



No tires bearing the Goodyear name, not even the famous Goodyear Cords which equip the world's highest-priced cars, embody a higher relative value than do Goodyear Tires in the 30x3-, 30x3½-, and 31x4-inch sizes.

In these tires owners of Ford, Chevrolet, Dort, Maxwell and other cars taking the above sizes are afforded a measure of performance and service such as only the world's largest tire factory devoted to these sizes can supply.

All that this company's experience and methods have accomplished in these tires is available to you now at the nearest Goodyear Service Station.

Go to this Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He has them.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. *30 x 3½ size *in waterproof bag* $4.50

POSSE SHOOTS MAN AFTER HE KILLED SISTERS.

New Brunswick, N. J. Sept. 12.—Two sisters, Misses Sadie and Susie Seiter, were shot to death in an automobile near here early today by a crazed man in a United States Army uniform. Soon after, a military posse captured Mike Marakovitch, 26 years old, after he had been shot and badly wounded by one of its members. Marakovitch, who wore an army uniform, was recently employed in the Raritan arsenal. He is in a serious condition in a hospital here. A single bullett killed both sisters, the police say.

The sisters were being driven home in an automobile by Frank Whitlock, who said they were accosted by a man who carried a rifle and seemed under the influence of liquor. Whitlock said he tried to persuade the man to go away, but that he refused, fired a shot at the car, and ran away. Whitlock rushed the sisters to a hospital, where they died. Hospital physicians said the bullet passed through both the girls' bodies, striking Sadie, who was in the front seat, and severing her spinal cord, and then piercing the breast of her sister in the rear of the car.

PICKFORD FLIES.

London, Sept. 13—Jack Pickford and Owen Moore arrived in London by aeroplane this afternoon from Paris for a few days' rest. They left Paris this morning after Pickford had testified at the police inquest into the circumstances of his wife's death.

Pickford told substantially the same story at the inquest as he told immediately after the tragedy.

Gay cabarets and all-night dance halls in Paris have lost considerable of their attraction for American visitors during the past few days. Many evening parties have been cancelled in an effort to avoid publicity.

The searchlight of publicity continued to play over these resorts during the day.

"A dry America is responsible for the excess of Americans in Paris," said Cortland Bishop, former president of the Aero Club of America. If prohibition continues 25 per cent of Americans visiting Europe will be physical wrecks before a month's stay.

SAFETY FIRST ALWAYS!

Whether Walking or Driving

Cooperate With Others. They Have an Equal Right With You. Respect that Right as you Expect them to Respect Your.

Owners and Operators of Automobiles

Respect the rights of others. Remember that pedestrians have as much right as you. Always exercise care in passing crossings and street cars.

Users of the Sidewalks

REMEMBER

Pedestrians should give equal rights to others.

Stop, Look and Think "Safety" before you cross a congested street, or pass behind a street car, automobile or wagon. Always see what is on the other side of the object that you are passing.

Cross Streets always on the crosswalks. Go slow, look for an opening in the passing wagons and autos, then go quickly.

Don't start to go across the road until you know that it is safe, then keep going. Don't turn back.

Never rush across the road ahead of a car, auto or wagon. Take time, for perhaps an auto or wagon may be coming on the other side.

Look out for speeders and joy-riders. The fact that they may be violating the law will not make an injury any easier to bear.

Look both ways when crossing street. 'Tis the only safe way.

Be Sure Means Safety

Users of the Roadways

REMEMBER

Operators of trucks and motor cars should use great care in driving, especially so in congested districts and in the vicinity of schools.

Don't crowd pedestrians into a place of danger, with your motor car, truck or other vehicle.

Driving in street car tracks is dangerous and should be avoided.

Look out for Street Cars when crossing the tracks.

When you drive behind a street car, always look out for the other car as well as for any other vehicle.

When passing a street car, never do so by going on the left of it.

Before crossing railroad tracks use caution and know for a certainty that the way is clear.

Never pass a street car when passengers are being taken on or off.

All Users of the Streets---REMEMBER

The aged and the child. Give all concession to them that you can. Proceed in every way to make their passage as safe as possible. Keep in mind that you were a child once and that you will probably reach an advanced age yourself.

Face Forward, Please

Passengers alighting from street cars should never do so backward. Face the way the car is going for Safety.

Nail Down the Nails

Don't Leave Exposed Nails lying around in boards boxes. Last year 3,462 persons were injured in this manner in Massachusetts alone.

LOOK

Out for all

Danger Signals

and give due heed to them, that your progress may be made safer. Too much caution can't be used.

NEVER

Walk around

Lowered Gates

and do not crawl under them either. When the way is clear the crossing tender will raise them.

THINK

Along lines of

SAFETY

and caution, and you can go safely and without fear of personal injury overtaking you.

BARTENDERS INVADE ENGLAND.

American Cocktail Mixers Getting Good Jobs in London Clubs.

London, September 13.—American bartenders are invading England and getting jobs in the more pretentious bars and clubs frequented by young men because of their ability to mix cocktails. Older Englishmen still stick to their "scotch and soda," but the younger generation is getting the cocktail habit.

One bartender when applying for a position at a big club told the secretary he could mix 500 different drinks. The Englishman viewed him with that expression so familiar to Americans when they try to tell English folks of what a glorious country America is, but hired him, anyhow. He has not run through his alleged repertoire yet, but has made good.

Whisky Taken in 4 Raids On Wealthy Boston Homes

Boston, Mass., Sept. 13.—The summer homes of four influential families of this city on the North Shore were raided early yesterday morning by prohibition agents under the personal direction of William J. McCarthy, supervising agent, New England. At each of the places raided a barrel of high-grade whisky was confiscated.

What Constitutes a Real Gentleman? Listen to This

London, Sept. 13.—Lady Troubridge, in the Daily Mail, presents her views of "what is a gentleman." She writes:

A gentleman must never be called one, and must not know he is one. The moment he calls himself one, he ceases to be one.

He can make love without being caddish (for lovemaking is a terrible test).

He can make a joke at someone else's expense without annoying the subject of it.

He can lend money without making the borrower feel a worm.

He can suffer without making a fuss.

He can die without letting out a secret.

In short, he is a gentleman.

Fuel-Saving and Beauty

Figures show that every pound of coal saved with

COLE'S HOT BLAST FUEL SAVING SYSTEM

of Combustion means just that much money saved. There isn't a range of another make on the market that can compare with this one for fuel-saving results. Saves one-third to one-half on the fuel bill. The housewife is trying her best to keep down the cost of food. It is just as important to save money in the stove as it is to save money when buying fuel and food. This range gives perfect baking on all sides. Cooking on all six lids. Not one inch of waste space. The Hot Blast Flame means fuel-saving and food-saving. It also gives the perfect baking and cooking results that every woman demands

Cole's Sanitary Down Draft Range

burns all burnable materials in the fuel (wasting nothing.) It is a range built and perfected by experts. It is the range that will give you the constant smooth running baking and cooking results you have always wanted. Pure rust-resisting iron is used on all parts subject to rust. All linings are of rust-resisting enamel. All nickel parts are smooth as glass. Can be furnished in blue, gray enamel or plain black. Ex-Soldier Feels Fine Now, He Says

Came Back From France All Run Down—Quickly Built up by Tanlac

"I was so weak I thought I would have to give up my work, but since taking Tanlac my lost weight and strength have returned and I am feeling like a new man," said Walter T. Belt, a well-known employee of the Richmond Forgings Corporation, living at 12 North Plum Street, Richmond, Va., Mr. Belt saw eight months service in France with the 56 Engineers of the American Expeditionary Forces.

"After I got back from France I was in a weak, run down condition and suffering from a bad case of stomach trouble," he continued. "Indigestion was so bad that I nearly lost my appetite and just had to force myself to eat enough to keep going, and what I did eat caused gas to form on my stomach and gave me awful cramping pains. Terrible dizzy spells came on me and I would get so faint I could hardly stand up. My tongue was coated and of mornings I always had a mean taste in my mouth. My sleep was restless and when morning came I was so tired that I just felt like I didn't have strength enough to get out of bed. I fell off in weight and became so weak I could hardly get about to do my work and it looked like I would have to give it up.

"But I remembered the time when I was in Dayton, Ohio, where I saw the big Tanlac Laboratories and heard so many people praising Tanlac, and it made such an impression on me that I decided to try it. It went straight after my troubles and I got better so fast that today I am in the best kind of health. I can eat anything I want now without suffering any bad after effects at all. My tongue is never coated any more and that bad taste has left my mouth. I am not troubled with dizzy spells and at night I am sleeping fine. I have gained in weight and I as so much stronger that I can now do my work without any trouble at all. I feel like my old self again and I am glad to tell of my experience with Tanlac so that it may benefit others."

Tanlac is sold in Alexandria by Edgar Warfield, jr., and Gibson's Drug Store.

MOVIES

NAVY "ACTS" IN THRILLING FILM

The United States Navy "acts" into the motion picture. Not the ordinary picture of a battle fleet, which is interesting enough, but a photoplay in which Uncle Sam's battleships, cruisers, submarines, submarine chasers, destroyers, seaplanes, dirigibles and other units actually had their parts and in which real American sailors acted just as "screen folk" do before the camera. An entire fleet of warships was given to the picture concern for the making of this great film which is without a parallel in the history of the art. The equipment used is worth millions upon millions of dollars and could not have been bought.

The organization fortunate enough to enlist the co-operation of the Navy was Fox Film Corporation, and the picture is a 15-episode serial known as "Bride 13."

It is not a war play but shows what the American fleet would do if a blood-thirsty band of pirates, gathered from the vilest quarters of the earth, were to descend on the American coast.

The picture was directed by Richard Stanton, one of the best known directors in the business, and is packed, as one can imagine with startling stunts. There is hardly a moment without its thrill; but not one of them is far-fetched or beyond belief.

"Bride 13" was written by E. Lloyd Sheldon, adapted for the screen by Edward Sedgwick. Not only are the feats of the actors themselves unique in their daredevilry, but the photography and staging are beautiful.

This great serial will be shown at the Idle Hour Theatre, beginning tonight.

RICHMOND—"MARRIED LIFE"

After producing screaming two-reel comedies galore and several equally funny five reelers, Mack Sennett has succeeded in even surpassing his former impressive comedy creations in his newest five-reel super picture, "Married Life," at the Richmond tonight. While this is a howling travesty on that time-honored institution, Mr. Sennett has carefully refrained from holding this ancient and honorable estate up to ridicule. He just travesties the silly misunderstandings, the unreasonable jealousies and petty quarrels of married folks, so that if the beholder really wants to, he or she can find a real moral in the play, that is if he (or she) can stop laughing long enough to give the subject a thought.

INGOMAR—VIOLA DANA.

"The Microbe" featuring Viola Dana will be the attraction at the Ingomar Theatre today. The last chapter of "The Lurking Peril" will also be shown.

WORK IS BEGUN ON LITTLE RIVER ROAD

(Continued from page one)

went to Camp Humphreys accompanied by the road engineer and two members of the board of supervisors of Fairfax county in an effort to locate machinery and tools belonging to the government which may be used in the work. Mr. Moore feels confident that the necessary tools will be obtained thereby saving the county considerable expense.

It is stated that the question of speeding up its work by the counties issuing bonds in anticipation of further allotments of road money is now being considered by the different county authorities. This, however, is contingent on the attitude of the free holders, as the bonds cannot be issued without a majority vote.

Regardless of this, however, the fixed fact is that this great highway is now in process of reconstruction and it will be made as good and serviceable or better than it was in the old days.

This road was built about the year 1800. It took care of considerable traffic in the olden days and Alexandria city was used as a market by those coming over this road. For many years, past, however, the road has been little used owing to the fact that it was not kept up.

Look Out for Rheumatism As Winter Approaches

So many cases of Rheumatism arise from a tiny disease germ that infests the blood, that physicians are beginning to realize that this source of the disease is becoming more prevalent. Of course a disease that has its source in the blood cannot be reached by local remedies applied to the surface. The remedy that has given splendid results in the treatment of Rheumatism is S.S.S., the fine old blood remedy that has been sold by druggists for more than fifty years. S.S.S. acts by driving out of the blood the disease germ that causes Rheumatism, thus affording real relief.

Begin taking S.S.S. today and if you will write a complete history of your case, our medical director will give you expert advice, without charge. Address Chief Medical Adviser, 151 Swift Laboratory, Atlanta, Ga.

DODSON SOUNDS CALOMEL' DOOM

The 'Liver Tone' Man Warns Folks Against the Sickening, Salivating Drug

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not saivate or make you sick.
